Relationship and Health Education RSHE Consultation

As a Catholic school, our mission is to support the spiritual, moral, social and cultural development of all of our pupils, rooted in the wisdom and teaching of the Church. The education of children in human sexuality is an important, precious and privileged responsibility. The Church teaches us that this is very much a partnership with parents, in which parents are the 'first educators' of their children on these matters; ultimately, you confer on us the right to co-educate your children with you.

Relationships and Health Education is now a statutory part of our curriculum and this new subject builds on the non-statutory lessons we have previously taught in RSE.

We have been researching various programmes that are available and have decided to adopt Life to the Full by Ten Ten Resources. Ten Ten is an award-winning Catholic educational organisation that is well-respected and very experienced in this field of work. Life to the Full has also been approved by our diocese.

We would like to have your feedback on our approach, and particularly on the key decisions that we need to take regarding the teaching of certain topics. To this end, we have opened a consultation period during which we welcome your feedback.

To take part in the consultation, please do the following:
Access the Parent Consultation Tool here:

You will need the following login credentials for our school:

Any comments or questions will be warmly welcomed and should be sent to admin@stjosephs.romerocat.com. The consultation will close on Friday 22nd October, after which all decisions to finalise the curriculum will be made. Thank you for your support.
